

STATE OF NEBRASKA ADMINISTRATIVE CODE, Title 163 - NE GAME & PARKS  
COMMISSION BOATING REGULATIONS (Chapter 3). Specific regulations pertaining to  
Hawaiian Village are outlined in section 015.02G.

The following are boating safety rules applying to Hawaiian Village. These rules have been approved by the HVL A Board and Hawaiian Village Safety Committee.

1 It is prohibited to commence skiing, drop skiers, ski outside the wake, or in any way hinder traffic in the "narrows" (between Hilo and Maui Circles).

2 All boating and skiing will be in a counter-clockwise direction.

3 All boats towing water skiers must have rearview mirrors.

4 Boats must not follow a skier closer than 200 feet.

5 All boats and skiers must remain a minimum of 50 feet from the docks and/or shore.

6 Boats must not operate between a downed skier and his/her boat.

7 Tow lines may not be towed in the water for more than 300 feet. Lines must be stored in the boat when the skier comes aboard.

8 The boat of a downed skier should turn into shore to pick up the skier.

9 Ski boats shall be limited to a maximum of two skiers.

10 Skiing in coves is prohibited.

11 No tires, inner tubes, etc. are to be towed behind boats and used in place of water skis or sleds.

12 All boats operating on the lake must comply with all Hawaiian Village safety rules as well as regulations established by the State of Nebraska.

13 All boats must display the Owner's lot number in a visible position on the starboard aft (right rear) side.

14 All power boats must have a Hawaiian Village sticker placed in a visible position on the starboard aft (right rear) side. Stickers can be obtained from the Hawaiian Village Safety Committee.

15 To maintain safety for participants, boats may be restricted during special events as deemed necessary by the Hawaiian Village Lake Association Board of Directors.

16 Only 1 power boat shall be permitted in the water from each lot.

17 Inboard/outboard motors are allowed. No jet boats are allowed. Jet powered watercraft classified as jet skis and inboards approved by the American Water Ski Association (AWSA approved ski boat list) shall be allowed to operate on the lake. All motorized watercraft operating on the lake must comply with all Hawaiian Village Safety Regulations as pertained to boats.

All HVLA Residents wishing to operate a watercraft at Hawaiian Village will need to review and comply with the following conditions:

- All watercraft will need to have current registration and display the appropriate registration stickers
- Watercraft must have current HVLA boating stickers indicating the residents current lot information
- Watercraft must meet all current HVLA safety/boating covenants as approved by the residents

The following apply to different types of watercraft on the lake:

- Watercraft compliance is determined by the HVLA Safety Regulations, amended June 6, 1997. Regulation Section K, Paragraph 2.g states:
  - The following boat lengths are approved.
    - Inboard/Outboards and Outboards: Maximum length of 18 feet (as per the manufacturers specified hull length).
    - Inboards: Maximum length of 20 feet as per the manufacturers specified hull length).
    - Pontoons: Maximum length of 22 feet (as per the manufacturers specified hull length). Maximum of 40 horsepower engine.
- Inboard boats may not exceed **20 ft** in length per Manufacturers specified hull length. Additionally, all Inboard boats must be on the AWSA approved boat history list

## MAXIMUM BOATING SPEED LIMITS

- Boat speed limit is 35 MPH
- Boat speed limit (when Hawaiian Village street lights are lit) NO WAKE
- Boat speed limit in coves NO WAKE

## WATER LEVEL CONTROL

The HVLA Board, in order to protect resident property and ensure safety shall control and determine when to open and close the gate valve as needed to allow our lake water to flow out into the Platte River.

"Open Waters" = Green Flag

All motorized watercraft permitted to run up to a maximum 35 mph top speed No wake speed in all coves. Water level located at the 4.4 and below measurement in the gate valve pit area.

"No Wake Warning" = Yellow Flag

All motorized watercraft shall travel at a no wake speed in all areas of the lake. Water level located above the 4.4 measurement in the gate valve pit area.

"Closed Lake Warning" = Red Flag

No motorized watercraft permitted to run in any part of the lake including the cove areas. Water level located above the 5.5 measurement in the gate valve pit area.

Please note that these warnings may change whenever the Board determines that weather forecasts or safety concerns deem it prudent to do so.
